Assistant Chief Terry Shoop

Assistant Chief Julie Tolbert

Gulfstream Road from Robert B. Miller Road to Highway 21 Closed to Through Traffic

Chatham County, GA (March 3, 2020) – The Chatham County Police Department is advising motorists to avoid the area of Gulfstream Road from Robert B. Miller Road to Highway 21 after railroad construction caused the shutdown of several intersections.

Motorists may access the businesses and homes in the area, but because of the railroad construction, motorists cannot access Highway 21 from Gulfstream Road. This has caused major traffic backups as motorists, including large trucks, are forced to turn around as they approach Highway 21 from Gulfstream Road.

The Chatham County Police Department is advising those exiting Gulfstream Road to travel west and exit onto I-95.

The Chatham County Police Department does not have a timeline on how long the intersections will be closed.
