**PLEASE SEE THE FOLLOWING FOR ADDITIONS, CLARIFICATIONS AND/OR CHANGES:**

**Additional Questions Received:**

1. Q) The contract has established an item for Tipping Fees/Off-site Disposal Allowance in the amount of \$500,000 Lump Sum. What happens if the Tipping Fees are more than the allowance?

*A) The total amount expended under the tipping fee, disposal allowance will be monitored with each pay application. If this indicates that the allowance total will be exceeded, then additional funding will be moved to the allowance by change order.*

2. Q) In order to complete the project in the allotted time a night shift during week days and weekends will be required. Is that acceptable with work being performed so closely to the Westin?

*A) It is understood that night and weekend work will be required in order to complete the project in the available time, and that such actions may have impacts on the adjacent Westin. This is acceptable to the County. While consideration will be given to any input from the Westin, project completion is the paramount issue, and the Westin has no ability to control or limit the activities.*
